WE BLOCK AND MOUNT NEEDLEWORK

Will you overpay your taxes again this year?

You will, unless you set aside tax-deductible dollars this year—and in future years—and let earnings accumulate tax free, until you use them. And, you can if you qualify for a retirement plan of your own.

If you work and are not covered by a retirement plan, you may qualify to start your own Individual Retirement Account (IRA). Your contributions—made every year, or only those years you wish—are deductible from your taxable earned income.

If you are married and your spouse does not work, you may qualify to establish two separate IRA'S—one for each of you—into which an even larger total annual taxdeductible contribution may be made.

A Rollover IRA also may be used, under certain circumstances, to tax shelter benefit payments you receive from an employer's retirement plan, until you use them. You may qualify if you leave one job to take another, retire, or if your retirement plan is terminated by your employer.

DON'T OVERPAY YOUR TAXES AGAIN THIS YEAR!

If you think you may qualify for the tax benefits of an Individual Retirement Account, visit Harley Davis at First Bank. Together, you will explore your personal circumstances and determine the best course of action for you.

All deposits insured to \$40,000 by the Federal Deposit Insurance Corporation.

Our primary reason for being in business is to safeguard your health...be it a simple home remedy, a sickroom accessory, an invalid aid or preserbled medicine. We are fully prepared to serve you with knowledgeable attention to your needs. Subscription Rates

2° county (Continued from Page 1)

purposes will be 56.7 cents per \$100 assessed valuation when collections begin mext summer, which is a two-cent increase over the \$4.7 cents in tax bills recently Little blamed decreases in anticipated federal revenue sharing funds and in the main-recession fiscal assistance program as the major factors causing a tax increase.

as the major factors causing a tax in-crease.

"First, it is important to point out that the budget before you is a balanced one, in the budget before you is a balanced one, in Year 1979 will be sufficient to cover the expenditures which you will be ap-propriating today." Little told the board. "In order to balance this budget, however, required some difficult decisions that we were forced to make cuts in allmost that we were forced to make cuts in allmost every department's budget request. We thank the committees, department heads and elected office holders for their willing cooperation in helping us solve the difficult

and elected office holders for their willing cooperation in helping us solve the difficult problems with which we were faced this

problems with which we were faced uns year. The most part, these cuts were made necessary due to a decrease in the amount of federal revenue sharing funds which the county will receive during FY '79. Combined with this loss is the fact that Congress has not yet renewed the anti-recession funds which we have received during the past two years. When the property of the county general fund of about \$272,000.

"Further, as has been our experience."

decrease in revenue to the county general fund of about \$272,000.

"Further, as has been our experience over the past few years, we once again find ourselves in a situation of being forced to appropriate funds for activities mandated to us by the state legislature and the appropriate funds for activities mandated to us by the state legislature and the deplorable to the tax payers of Madion County and believe that, under no circumstances, should the state dictate the expenditures of local tax dollars.

"Finally, you will note that the total of all funds, both tax and non-tax, is in excess of 584 million. It is important to mention of 584 million. It is important to mention "Our Committee believes these are a benefit to the citizens of Madison County and allow us to receive our fair share of the federal taxes which are paid by every working man and woman of this county." Little said in his budget message.

The county levy for the 1978-79 fiscal year, the amount which must be raised though taxation, is 85,650,000, which is used to the page to the county rate.

LENNOX Gas

Furnaces

Although the assessed valuation for the year is not yet known, comparing the levy against an assessed valuation of \$1,180,000,000 (the current valuation) would necessitate a tax rate of \$6.7 cents of \$1.180,000,000 (the current valuation) would necessitate a tax rate of \$6.7 cents of \$1.180,000,000 (the current valuation) would necessitate a tax rate of \$6.7 cents of \$1.180,000,000 (the current valuation) and the current valuation of \$1.180,000,000 (the current valuation) and the current valuation of \$1.180,000,000 (the current valuation) and current valuation of \$1.000,000 (the current valuation) and current valuation of \$1.000,000 (the current valuation) and \$1.000 (the

could then determine what salaries were
Droper.

proper.

Little then summarized that the budget committee had cut appropriations wherever possible and said he felt it was unfortunate a tax increase could not be avoided.

avoided.

He noted that the 1977-78 fiscal year levy
was four cents lower than the previous
year, but that cut could not be maintained
in the light of reduced federal grants and
increased state-mandated programs,
including construction of the new county
isil.

in the light of reduced federal grants and increased state-mandated programs, including construction of the new county in the budget then was approved 224 with Partney, Jim Greene of East Alton, H. Jack Frandssen of Alhambra and R. H. Worthen of Alton voting against passage. The budget was passed while about 100 too protesters crowded the back of the too too protesters crowded the back of the too too protesters crowded the back of the sequesting lower taxes and equitable assessment ratios. The group, primarily from Livingston, submitted a statement to the board, read by Frandsen, which called for public hasnings before the Board of Review was against property.

The protestors, calling themselves the "Organizing Committee for Eastern Madison County," converged on the Board of Review for the attack, "We want the Board of Review to justify to the taxpayers in eastern Madison County that the multipliers are equitable. Boards of review are supposed to act as uniform. We don't feel this is being done at present."

ALFRED FLEISHMAN addressing SIUE students on a subject dear to his heart, public relations.

Good performance publicly appreciated

The words "public relations" are often misunderstood by people both inside and outside the communications field, in the opinion of Alfred Fleishman, chairman emeritus of Fleishman-Hillard, Inc., a St. Louisbased public relations firm. But, he said, this is because public with a limited definition.

public reactions science with a definition.

Fleishman told students in a relations class at relations the students at relations class at relations. Fleishman told students in a public relations class at Southern Illinois University at Edwardsville that — even though there is no standard definition for public relations — he believes there are three concepts which lead to an un-derstanding of public relations as an integral function for all organized groups in modern society.

as an integral tuncumorganized groups in modern
society.

"First of all, it is not a
question of whether an
organization prefers to have
public relations at all. The
question is whether it will have
a good public relations or bad
public relations; he said.

"Secondly, public relations
an simply be described as good
performance, publicly appreciated."

"The relations is

performance, public periodic appreciated."

"Thirdly, public relations is the attitude of the organization from its highest officers down through the levels of management — and how this attitude is communicated to the public.

public.
"Under those definitions,
public relations becomes the
totality of an organization's
expressions."

william L. Fisher, director and research geologist for the Bureau of Economic Geology in Austin, Tex, and a lecturer sponsored by the American Association of Petroleum Geologists, will visit Southern Illinois University at Edwardsville Dec. 6

manner in which the science and art of explorations has been judgments outside the market place.

manner in which the science and art of explorations has been conducted historically," Fisher conducted historically," Fisher believes.

The geologist said these include the conduction of the withdrawal — from mineral entry or leasing — of large volumes of prospective lands. — Policies which, without warrant, constrain exploration access to lands that are open. — Policies advocating exceptoration data, reducing the refinement of exploration oncepts inherent in a competitive atmosphere. — Policies providing for the procedural separation of exploration and development on and development of the procedural separation of exploration and development of the procedural separation of the procedural sepa

the scinece of exploration more demanding and exacting, he said.

The geologist asserted that most of these policies are being or will be applied to energy and of the service of the country's yet-to-be discovered and developed resources are judged to be.

"Undeniably, it is the option of citizens and their duly elected of the service of the service

GRANITE CITY PRESS-RECORD Mon., Nov. 27, 1978 Page 11:

Foreign languages to get new emphasis

Citing Illinois' emergence in world affairs and a recent drop in student participation in foreign language courses. State Superintendent of Education Joseph M. Cronin last week amounced the formation of a language cleanation task force mendations to expand foreign language programs in Illinois schools.

"The study of foreign languages and culturers should be considered as essential control of the study of the considered as essential control of the study of the considered as essential control of the study of the considered as essential control of the study of the considered as essential control of the study of the considered as essential control of the study of the study of the considered as essential control of the study of

skills. The Education foreign Language tion Task Force is Education Task Force is composed of interested parents, community leaders, representatives from major state educational organizations, and members of Illinois' foreign language professional associations.

associations.

The task force membership represents all regions of the state as well as universities, and public and nonpublic elementary and secondary

elementary and schools.

Supt. Cronin's charge to the task force was to "report to the State Board of Education and staff on the status of foreign language education in Illinois schools and recommend

'No stopping' added to no parking on 21st St.

A "no-parking" ordinance as do at 27th Street and Grand that prohibited parking on both sides of 21st Street between the street and Madison Avenue in the vicinity of St. Elizabeth Hospital was prepaled by the Granite Claim of the Council last week, but was marchanged by a "no parking and no stopping" ordinance, specified that the 'no parking and no stopping bill prohibits stopping even temporarily while the driver is in the car. The ordinance was one of a series of taffic controls approved during the meeting.

traffic controls approved during the meeting.

It was approved description of the meeting laws and proved establishing a two-hour parking limit on the east side of Madison Avenue, extending from the intersection of 29th Street and Madison for a distance of 40 feet. The parking limit will be effective Monday through Sabruday and the meeting of the me

a request by Illinois Power Co. for the elimination of two more parking spaces near the utility's garage facilities at 22nd and traffic hazard created by parking near the corner.

The request said that two parking spaces were eliminated parking spaces were eliminated poor to be taken out at the intersection where parked vehicles block a motorists's vision. The request will be studied by the Traffic Committee and the two aldermen of the ward.

A request by the Downtown A request by the Downtown the beaded by Carl Baccienas that the city assign a beat patrolman

D

to the dowtown area as a means of discouraging vandalism was referred by the council to Chief of Police Ronald Veizer. In a letter directed to the council Baczenas said there has been an increasing number of broken windows in downtown stores, apparently as the result. Veizer noted that there has been "only seven cases of broken windows downtown since early September, and one of those apparently was caused by the control of the policy of the work of the separently was caused by the control of the country of the

MRS. JOHN J. HOPKINS the former Miss Margaret-Ann Reutter who was married at the Combs Chapel, Kansas City, Mo. She is a daughter of Mr. and Mrs. George M. Reutter of Kansas City.

Margaret Ruetter and John J. Hopkins wed

Wedding vows were ex-changed on Oct. 14 by Miss Margaret Ann Reutter, a daughter of Mr. and Mrs. George M. Reutter of Kansas City, Mo., and John Joseph Hopkins, a son of Mr. and Mrs. Charles Hopkins, Columbia, Ill., in the Combs Chapel in Kansas City.

in the Combs Chapei in Kansas City. Father Thomas Reardon officiated at the double ring

evening ceremony.

The bride, given in marriage by her father, chose a two piece crepe gown fashioned with a sleeveless dress and A-line skirt trimmed at the hemline with

tucking.
Her gown was designed with a
tailored blouse with a
drawstring waistline making a
peplum effect, a placket
neckline and long full bishop

neckline and selectes.

She wore a matching headpiece and carried a cascade
bouquet of gardenias and
baby's breath with trailing ivy.

Matron of honor Mary Snow of Kansas City, a sister of the bride, was gowned in a floor length dusty rose dress and she held an arrangement of matching the state of the state

Kansas City.

A reception was held in the
Liberty Room at Crown Center
Hotel in Kansas City, following

Liberty Room at Crown Center Hotel in Kansas Gity, following the ceremony. The groom is a member of the Illinois State Bar. Association Schooley law firm, here. He also is the grandson of Mrs. Mary Theis of Granite City. The bride is a member of the Sciety, Signa Theta Tau. After a honeymon in Hawaii, the couple are now residing in St. Louis.

Evening with Santa planned for Dec. 8

Tentative plans for an "Evening with Santa" sponService Club was the topic of discussion at the November meeting of the club. Members meet in the Madison Recreation Center for the business seeds on and the topic of the club of the c

the session.

Plans also were announced for the club's Christmas party which will be held at Rusty's Restaurant in Edwardsville on

Dec. 11.
After the meeting many handmade items were auc-

If you have a child

If you have a child who will be ready for college 15 years from now, will you be ready . . . financially? How far up will inflation have taken the cost of education by then? How is it possible to set aside anything when wide swings in inflation destroy stability? That's what's happened in recent years. From less than 2% in the 1950's and early 1960's, in the 1950's and early 1960's, in-flation went to 12% five years ago and continues to swing up and then down some. It certainly complicates the handling of personal finances.

Even so, a savings an is possible, and even more necessary.

Money drawing 6%

compounded interest
will double in 12 years. Looking toward y years, if you put aside as little as \$16 a month at 6% this will mean an accumulation , 15 years from now of \$5,000 . . . a step in the right a step direction.

If you need help with a savings plan, ask any of our officers. When they advise you about savings . . . you can BANK on it!

Route 157 site free, ideal location for District 8 office

Illinois Transportaton Secretary John D. Kramer and State Highway Director Harold Monroney face a difficult task in selecting a new District Eight highway office site from among three recommendations forwarded by a five-member advisory committee.

be advisory committee.

ut the Madison County location
ears to us to be the best choice. The
acre tract is being offered free of
the state government and is well

situated. It is on Interstates 55-70 west of the Route 157 interchange and only a short distance east of the off-ramp of the proposed Interstate 270 interchange. The existing District Eight site at Highways 50-161 has the disadvantage of limited space. And the Interstate 64 tract originally blocked two years ago as too expensive has been lowered in price; but it, still would be costly, and would have severe traffic congestion problems.

East Alton's loss will be Madison County sheriff's gain

Alton Telegraph,—East Alton's village board paid a farewell verbal tribute in words Tuesday night in acting on Police Chief Fred Bright's resignation.

But perhaps its best tribute to him was appointment of the village's new chief—who had spent several years under Bright, with his accompanying training.

Bright had been summoned by newly-elected Sheriff Emil Toffant to serve as his director of operations. That left a vacancy to be filled when Bright was due to leave Dec. 1.

The village board could have shopped around in police departments of the area — or among even those farther away — for a successor to Bright. It was a shopping expedition such as this that took Bright from Alton's department to East Alton. Neighboring Wood River found itself forced to 4ollow the "shopping" procedure. Instead, East Alton gave Chief Bright a vote of confidence by selecting one 4f the men who had worked under him — George Michael Urban.

Replacement tax plan has many inequities, disadvantages

Replacement tax plan has mail Committee Against Replacement Taxes — The alternative tax package in legislative committee is more detrimental to the state than corporate personal property taxes. The personal tax expiration deadline of Jan. 1, 1979, received the property of the personal tax expiration deadline of Jan. 1, 1979, received the proposal interest of the property of the proposal interest of the property of the proposal interest of the property of the

percent increase per year is provided.

Reduced assessed valuation resulting from elimination of personal property assessments will create problems in marketing of municipal bond issues.

currently based on total equalized values. Debt limits for taxing bodies will be uncertain and this can create serious shorterm borrowing problems.

Taxing bodies receiving state grantsinaid based on equalized valuation will be denied availability of funds at the state and local levels. There can be a severe loss of revenue for some school districts, including a 52,213,350 reduction for Granite City schools.

The use of a corporate income tax

orante City schools.

The use of a corporate income tax brings up the question of the 8-5 ratio (4%-2½%) between corporate and individual income taxes under the 1970 Constitution. The increase from 4% to 6½% will be a deterrent to new businesses coming to Illinois.

Future increases in local revenue needs will require, directly or indirectly, increases assessment ratios or tax rates to increases reasessment ratios or tax rates to increase real estate taxes. Clearly, issues related to revenue growth and reallocation of dollars to local districts aren't satisfactorily addressed by the replacement proposal.

News notes

The Illinois Insurance Department will rule this year on a request to raise workmen's compensation insurance premiums 36.8 percent.

percent more than the measurement.

The report further indicated that personal income growth that personal income growth that personal income growth was being made to suffer due to the highly oppressive taxes.

Illinois economic growth was being made to suffer due to the highly oppressive taxes.

In case of the passage of Proposition 13 in Caolfornia, state officials declared that Illinois was not in the same position as California, since California taxes had risen drastically within the last several years. We've recently' seen numerous bumper stickers from Nissouri indicating that a Perhaps the biggest ripoff has been taking place in Illinois, since a recent tax study issued by Harris Trust and Savings ince are seen tax study issued by Harris Trust and Savings "taxes in Illinois have increased more than any other taxes in recent years.

"The state's economic growth state in recent years.

"The state's economic growth burden of state, county, and local taxes in Illinois grew 17

"The politicians' statements were actually true. The plight of the Illinois taxpayer is worsel. Senator Percy recently insection of the Illinois taxpayer is worsel, and the Illinois taxpayer in the taxpayers' interest to make certain that all local, county, state and federal government officials get that same message. It is said that the only animal which can be skinned more than once is the American taxpayer. In Illinois, we're standed an once is the American taxpayer. In Illinois, we're standed all tevels and the standard to the taxpayer. MARVIN L. FRANCE Troy Route One

Additional thoughts on the park pool

To the Editor:
Just a few comments about
the Wave Tek pool and the Nov.
13 Press-Record issue.
It was written in deep black,
bold ink that industry favored
he tax increase for the Wave-Tek pool. At the public hearing
Nov. 9, I didn't hear any
business or industry leaders
sepress total agreement or any
type of commitment to such a
bond proposal.
It was further to such a
the such as the s

pool.

If this be the case, maybe the
Park Board could just talk to
these industry leaders and talk
them into a conventional pool,
which would cost about 65
percent of the fancier wave
pool.

Industry could pay for the pool, the bond issue could be thrown away, and the interested parties that desire a pool would have a new conventional pool. The pool of the pool would need outsiders attending the pool sessions to make money.

When other questions were asked, they stated the deterrent For outsiders was the higher for outsiders was the higher for outsiders was the higher than the pool would need outsiders of the pool would need to the pool of the p

per month With the eregulation of oil, what would it cost wo or three times as much? Where would this "extra" money come from? You guessed It — taxpayers' pockets. It — taxpayers' pockets with the Wave-Fok Co. supplies all engineering and labor. So, it must be assumed that no local abor would be involved in this project, and no local contractor would even get a smell on the bid for construction over stated, we the taxpayers would be touting on a bond issue, a contractor, and labor to build the pool.

SIUE falls to Indiana

Special to the Press-Record
BLOOMINGTON, Ind. — The season
came do an abrupt end for the Southern
University at Edwardsville soccer
Cougars here yesterday.
The Cougars fell to the number onetranked indian University Hoosiers 2-0 in
the quarterfinals of the NCAA Division I
of the pression of the NCAA Division I
of the quarter finals of the NCAA Division I
of the quarter finals of the NCAA Division I
of the Quarter finals of the NCAA Division I
of the NCAA National Finals in Tampa,
Fia.

The IU victory ineaus represent the Midwest Region next month in the NCAA National Finals in Tampa, Fine Hossiers can thank two first half "garbage goals" for that. IU's all-American halfback Angelo DiBernardo scored a fluke goal after intercepting a Cougar pass on wet and rainy Memorial Stadium Astro-turf and going in all alone that the state of the sta

on SIUE goalie Matt Robson who didn't have a chance to make the save.

Picture, page 25

Just over a minute later, the same thing happened. But this time it was back Charlie Faiglus who stole the pass and went in all along. His goal came unassisted at the 27:33 mark.

The weather in Bloomington during the goal came unassisted at the 27:33 mark.

The weather in Bloomington during the goal came unassisted at the 27:33 mark.

On the Hoosiers' first goal, for instance, Robson actually had cut down the angle on DiBernardo, but when he went to shove off and go for the same, he slipped on the west cattlicid surface.

But the Same, he slipped on the west cattlicid surface. The same proposed on the west cattlicid surface. But the same the slipped on the west cattlicid surface.

But the Cougars were not without their own chances. Tim Guelker missed no was chances. Tim Guelker missed not at the 38:00 mark, he knocked one toward the goal that IU goalie John Puttan tipped over the top. Then at 88:05, he bounced one over the top of the open net and did the same thing at the 70:00 mark.

With 12:18 left, Cougar Don Ebert (Continued on Page 25)

Physical Director Ed Mercer. Bottom row: Venice policeman Mark Koelker, Ken Feigenbutz and former GCHS North distance star Mike Baker, who now runs for Illinios State University. None of the GC runners (save Baker) finished in the top 20, but as you can see. "a good time was had by all."

South's Schmitt hopes to 'fill some voids'

By PETE HAYES
Sports Editor
of the Press-Record
GRANTE feet from
GRANTE feet from
Many things are based upon a foundation of tradition. Families. Companies.
Athletic teams.
Take for instance Collinsville in
basketball. The community is known
nation-wide for its contributions to
basketball. It's the same way in Granite By PETE HAYES

City with wrestling.
For some 29 years now, Bill "Red" Schmitt, the head wrestling coach at GCHS South, has been building on a powerful tradition of wrestling at his school. The state champtonship is something which has not elupled Schmitt during his tenure at South, He tied for the state team crown in South, He tied for the state team crown in But going into the 197-79 wrestling campaign, Schmitt voiced some concern

about the future of his livelihood ... wrestling According to the red-head, the wrestling According to the red-head, the have to be cancelled this season because of a lack of frosh out for the sport.

"We've only got 13 freshmen out for wrestling right now," said Schmitt. "Maybe after the Thanksgiving boliday that the said of the said Schmitt. "Maybe after the Thanksgiving boliday that the said said schmitt." The reason is that there are 12 weight classes involved in high school wrestling ... with only 13 learn members, that serious jeopardy."

The reason is that there are 12 weight classes involved in high school wrestling ... with only 13 learn members, that But on the varsity level, Schmitt has much to look forward to this season. Returning to his squad will be four Warriors who qualified for state tour Warriors who qualified for state tour Warriors who surprised nearly everyone concerned last season when he finished as the HISA runner-up at that weight. "When you can finish as the number two wrestler than the saying a lot," said Schmitt. "I'd have to say it even surprised me. I honestly didn't think he could get that far in state competition last year."

Also back from state tourney competition are Barry Forshea 1126 pounds, Compan Wrestling Tyurnament.

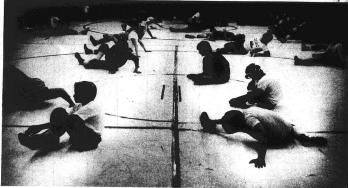

Also back from state tourney competition are Barry Forshea 1126 pounds, Other returnees from last season's 21-1 team are Don King who has dropped from leavyweight to 180 pounds, Scutt Poison werstled at 189 ast season will give it a try this time around at 105 pounds.

Other returnees from last season's 21-1 team are Don King who has dropped from leavyweight to 180 pounds and Rocky Pupardos who has gone from 165 pounds and Rocky Pupardos who has gone from 165 pounds and Rocky Pupardos who has gone from 165 pounds and Rocky Pupardos who has gone from 165 pounds and Rocky Pupardos who has gone from 165 pounds and Rocky Pupardos who has gone from 165 pounds and Rocky Pupardos who has gone from 165 pounds and Rocky Pupardos who has gone from 165 pounds and Rock

if you've been ahead."

The open spots on the Warrior roster of starters will be filled this week with a series of challenge matches at each weight level.

Schmitt said he feels it's going to be

THE SOUTH SQUAD READIES FOR PRACTICE BY LOOSENING UP

Deci Deci at Edwardsville Deci 2 at Edwardsvi

difficult to match or beat last season's team mark. "Team-wise we might not be as tough as last year," he said. "we will have some fine individuals, though.
"But there are some voids to fill." Depth is something Schmitt said could hur his team this season. Partly because of the smaller mamber of students out for of the smaller mamber of students out for the smaller mamber of statents of the said. "There's no doubt about that.
"We've got the fewest out since I started coaching here." According to Schmitt, there are a total of 36 out from the statents of the said of the statents of the said of the sai

just about over," he said. "At least in a school the size of South. "In smaller schools, an athlete has to play just about every sport, or the school

1978-79 Granite City South Wrestling Schedule can't field a team, but in larger schools, it's become a bunch of specialists."

As far as area-wide team strength, Sch-mitt said this season could be wide open. 'I guess the old stand-bys will be tough again,' he said. "That means Belleville, East and West, Granite North, Cahokia, East St, Louis and perhaps us.

"Cahokia was kind of down last year, but should make a comeback, and I'm in-terested to see what a new coach at East St. Louis does. They could be a potential winner."

The season's highlight, other than state competiton, for South will be the 19th annual South Christmas Tournament, Dec. 28 and 29. The 16-team affair annually attracts top high school wrestling teams from around the state.

"The first one we were in was in 1958," said Schmitt. "It was held at Illinois State University and had 24 teams.

"The next season, they wanted to drop it, so we thought we'd take it over." "It sure beats working out every day."

said Mulach. "We had 27 boys sign up at
South and 48 girls tried out for the
cheerleading squad. We're very excited."
Most of the new team's games will be
played at the North County and Deliwood
ice rinks in St. Louis County. No games
in Granite City, because it is not enclosed,
as required by Mid States League rules.
However, a series of "exhibition matches" will be played at the Wilson Park
rink in an effort to raise money to help
defray the cost of keeping the team.
If the state of the state of the state
first high school hockey program in Illinois
outside of Chicago.
Outfitting the team is not an easy
financial task. According to Mulach, the
cost to the league for game ice time, of
a set of uniforms for a team (perseys and
socks only) is 5800 and any practice ice
time rounds the figure off to around \$3000.
Each player on the South team has been
charged \$50 to play. The rest of the cost
has been made up by several sponsors in
Granile City.

BELLEVILLE — Three Belleville Area College soccer players have been named to the NJCAA Region 4 (Illinois) team. All-State players from BAC are Rick Locandro from BAC are Rick Locandro from Granite City, and Mike Mongiel from Mascoutah (Scott Air Force Base). The team.

Locandro, a forward achieved 22 goals and 8 assists during the season; Voegele, named 1st, team All-State fullback, is an All-State for the second year in a row; and McMonigle, named to 1st team midfield, had 11 goals and 3 assists.

According to Mike Moore, BAC's soccer coach, each of the three is now eligible for nomination to the NJCAA's All-American team

Marley's Ghost

The Ghost of Christmas present

The Ghost of **Christmas Yet to Come**

New appreciation for Dickens' immortal Christmas season classic

ROBERT DUNCAN
SULE Department
of English
Charles Dickens' "A
Christmas Carol" is
unquestionably the most successful holiday tale in the
literature of the western world.
Its popularity in the Nineteenth
with the received of the received of

has become a word for meanness.

Yet, many who know the basic plot have never read the complete story — or have read its long ago that it is really the trimmed and simplified familiar with, rather than the sensitive prose of the story. The read—or re-read—the fantasy is to discover that the art of a witty and lively fantasy is to discover that the art of a with and lively and lively convey, however charming and vivid it might be.

The ancestor of Scrooge appeared in a very short and vivid it might be.

The ancestor of Scrooge appeared in a very short and vivid it might be.

The ancestor of Scrooge appeared in a very short and vivid it might be.

The ancestor of Scrooge appeared in a very short and vivid it might be.

Gabriel Grubb, a church sexton, was "a cross-grained, sury fellow, with a scowl of malice and ill-humor" who, on

his way to dig a grave on Christmas Eve, finds the light control of the control o

from the brilliance of his performance.
While the sales of "Martin While the would have would have gladdened the heart of any of his envious contemporaries, they were below the figures for his earlier works, and not large enough to meet his expenses. High living and an easy the position of Micawber—easy to the position of Micawber—easy the position of Micawber—easy the position of Micawber—easy the position of the care of the year, His net gain was end of the year. His net gain was end of the year his net gain was end to have a support of the year of the year. He year was not yet the year of the year.

illustrations.

He would later receive profits from continuing sales, including a continental issue by a German

MR. AND MISS SCHOOL SPIRIT at Granite City High School North displaying their trophies are: "Mr. School Spirit" Russell Chappell, front left, and Miss School Spirit" Raren Myracle, front right. Other candidates, second row from left: Rena Hill, Patti Smith and Terri Lefholz. Third row, Chris Rogenski, Tom Greco and Jeff DeMott. Candidates are nominated by the faculty and members of the Silver Spirits, band and girl and boy fall athletes vote by secret ballot. (Press Record Photo)

ACTIVE READER Priscilla Clements, a third grader at Mitchell School, the first student there to report on 100 books this year. This is her second year to read 100 books. School officials feel that the independent reading program has been helpful in motivating children to use their reading skills. It was one of the topics as 800 parents and friends attended the annual open house, part of the observance of American Education Week. Activities included displays of student school work, a book sale, bazaar items, a cake sale and singing by the sixth grade chorus. "Mitchell parents have traditionally supported educational observances at the school and it was no different this year," commented Art Menendez, principal.

increase their support of this institution."

Annual giving has become an integral part of the operating budget, moving from none in the 1975 operating budget to the point where it now constitutes more than 1 percent of general operating budget to the point where it now constitutes more than 1 percent of general operation of the 1977-78, annual giving produced 3105,000, compared to \$88,000 the previous year and \$28,00 in 1973-74, an increase of almost 300 percent in four years.

\$23,00 in 1973-74, an increase or almost 300 percent in four years.

Seminary is affiliated that the third that the third church of that that the third that and has been a part of the St. Louis metropolitan community since its founding in 1850.

Over 2,000 men and women from numerous denominations have earned graduate and pasternaduate degrees from the third that the third that the community at fillated ministries throughout in church and community at fillated ministries throughout the United States and world.

As an autonomous, dectoral degree granting institution, Eden receives not further stability degrees and the chart of the concept of the control of th

Steel output ahead of '77

ahead of 1777

Domestic raw steel production continued to run well production continued to run well the first nine months of this year, a new study shows. U.S. raw steel output reached 10,141,000 tons through September of this year. During this period, domestic mills operated in the period context of this year. During this year, and year, year, and year, y

poured in the same month of 1977.

During the first nine months of this year, basic oxygen furnaces accounted for 1,574,000 tons of the period's 61,574,000 tons of the period's contributed 22,776,000 tons, while open hearths accounted for 15,961,000 tons, while electric furnaces made 2,61,000 tons of 1,591,000 tons of 1,591,000 tons of 1,591,000 tons of raw steel were strand or pressure cast — produced through continuous casting processes — bringing the total for the first nine months of 1978 to 14,184,000 tons. These tonsteel production figures.

Consult

hen we consider the otive effect of war or the waste of fuel valuable resources destruction of property - the maimed and the dead - it is gratifying to realize the probability of war has greatly decreased. Something to be ruly thankful for!
